

# FLEXIBLE SOLUTIONS FOR USED EQUIPMENT

Why Pre-Owned (Used Equipment) Might Be Right For Your Business.

Stoffel provides you with the right solutions – the ability to rent or purchase a certified, pre-owned lift truck that precisely fits your application. Why Stoffel? Let us show you.

- » **HUGE Inventory** -- Stoffel Equipment has more than 300 pre-owned lift trucks in stock at any given time.\*
- » **Optional Warranties** -- 30, 60 & 90-day warranties available.
- » **Flexible Rent-to-Own & Rental Deferral Program** -- If selecting the Rent-to-Own option, Stoffel will work with you either upfront or during the rental to set up this program. Then, we will apply a percentage of the rental money you pay toward the unit you are renting (or comparable unit).

Our rental deferral program will defer up to 50% of rental payments, up to 12 months, to be applied towards a future purchase of used or new equipment. (Contact your local representative to learn more.)

If you are considering used equipment for your operations, we encourage you to contact us and learn more about the Stoffel difference.
